FRAMED PARTITIONING COMPONENTS

Reddiplex® framed partitioning profiles provide solutions for use in leading manufacturers framing sections. Single, offset and double glazing sections are available providing options to suit both design and cost restraints.

Our head and base profiles accommodate commercially available glass thicknesses of 6 and 6.4mm and are fully configurable to user's requirements. We also offer a range of finishing components to further enhance the aesthetic of your partitioning system.

The full range of framed partitioning components are manufactured at our UK factories and held in stock for immediate despatch. Full commitment to product design and development has positioned Reddiplex® as the preferred supplier to the industry's leading partitioning companies.

framed partitions

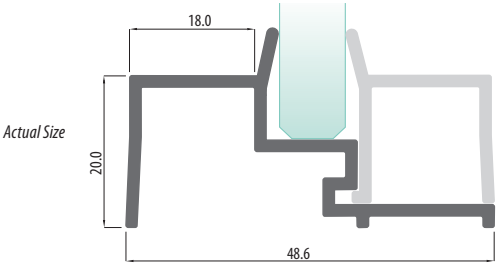

Single Glazed Chair & Bead

Our single glazed office partitioning channels provide central positioning of the glazed panels, offering a perfect solution for standard system performance. Suitable for standard glass thickness of 6 and 6.4mm.

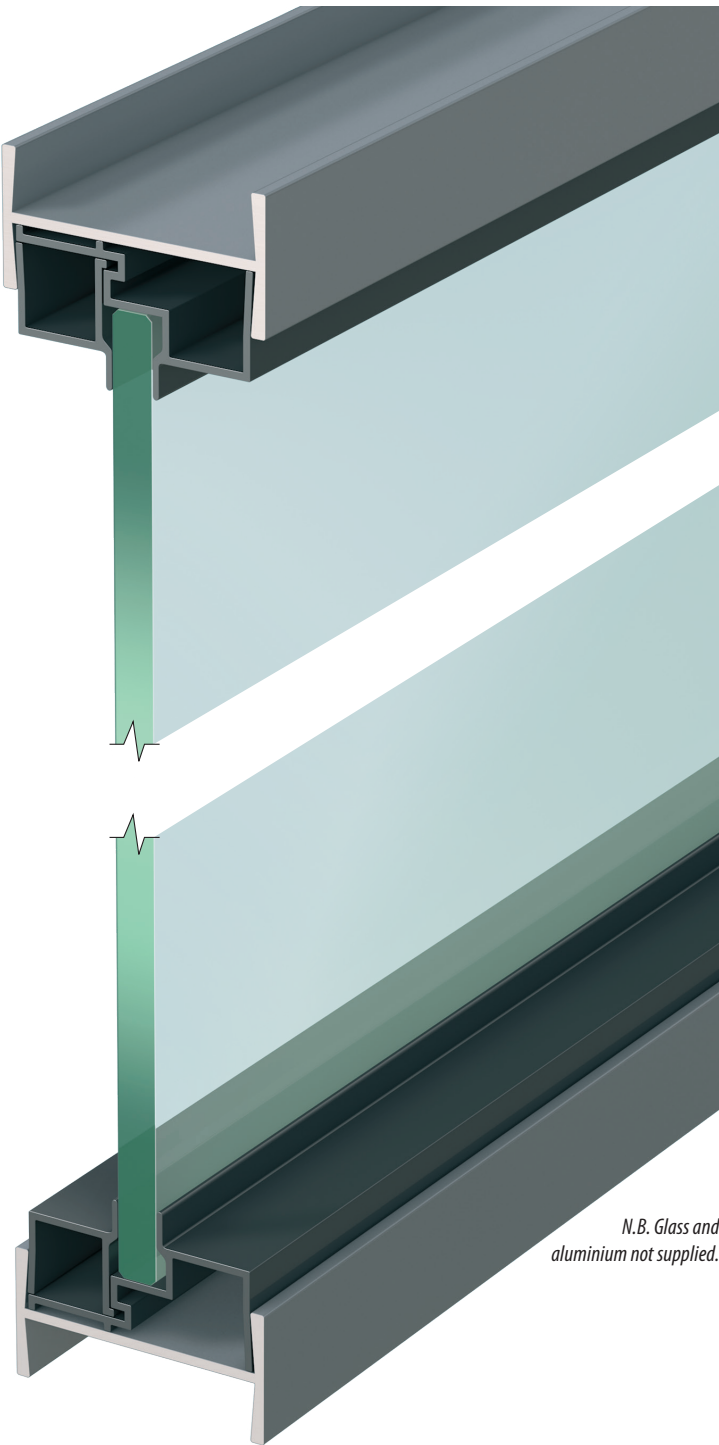

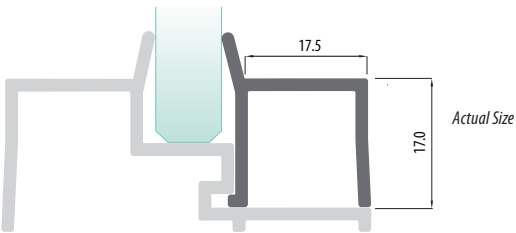

Product Code	Colour	Length
598503	○	3.6m
598502	●	3.6m
598501	●	3.6m

20 lengths per pack.

Product Code	Colour	Length
598603	○	3.6m
598602	●	3.6m
598601	●	3.6m

40 lengths per pack.

N.B. Glass and aluminium not supplied.

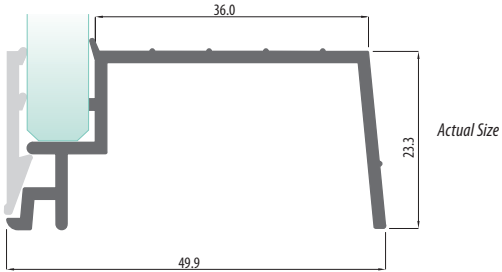

Single Glazed Offset Chair & Bead

Our single glazed offset partitioning system accommodates both left and right hand positioning of glazed sections, providing a perfect solution where ease of construction and aesthetics are a pre-requisite. Suitable for standard glass thickness of 6 and 6.4mm.

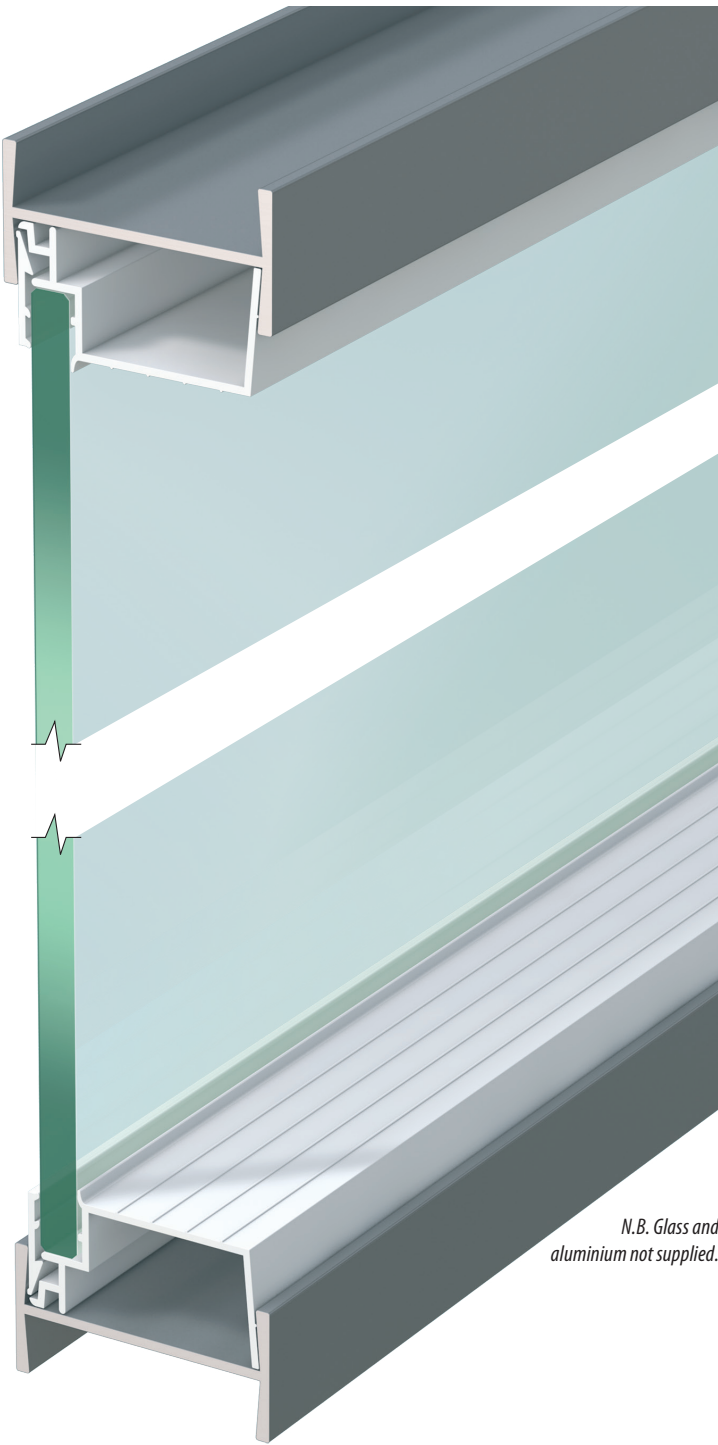

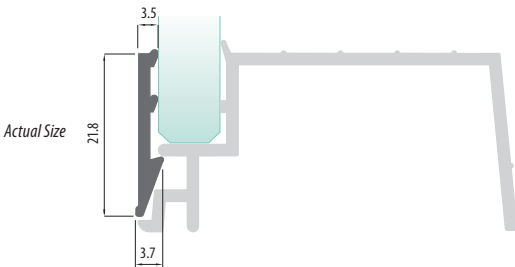

Product Code	Colour	Length
490602	○	3.6m
490606	●	3.6m
490601	●	3.6m

20 lengths per pack.

Product Code	Colour	Length
708902	○	3.6m
708903	●	3.6m
708901	●	3.6m

40 lengths per pack.

N.B. Glass and aluminium not supplied.

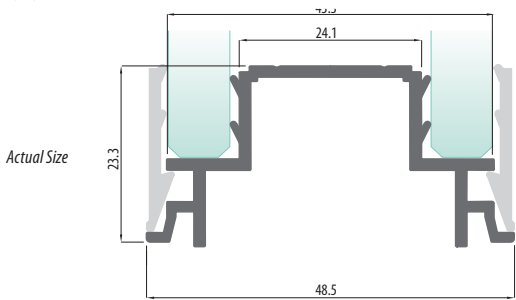

Double Glazed Chair & Bead

Our double glazed head and base channels provide a sleek and symmetrical system for use in aluminium channels. This double glazed system is ideal for applications where acoustics are a consideration. Suitable for standard glass thickness of 6 and 6.4mm.

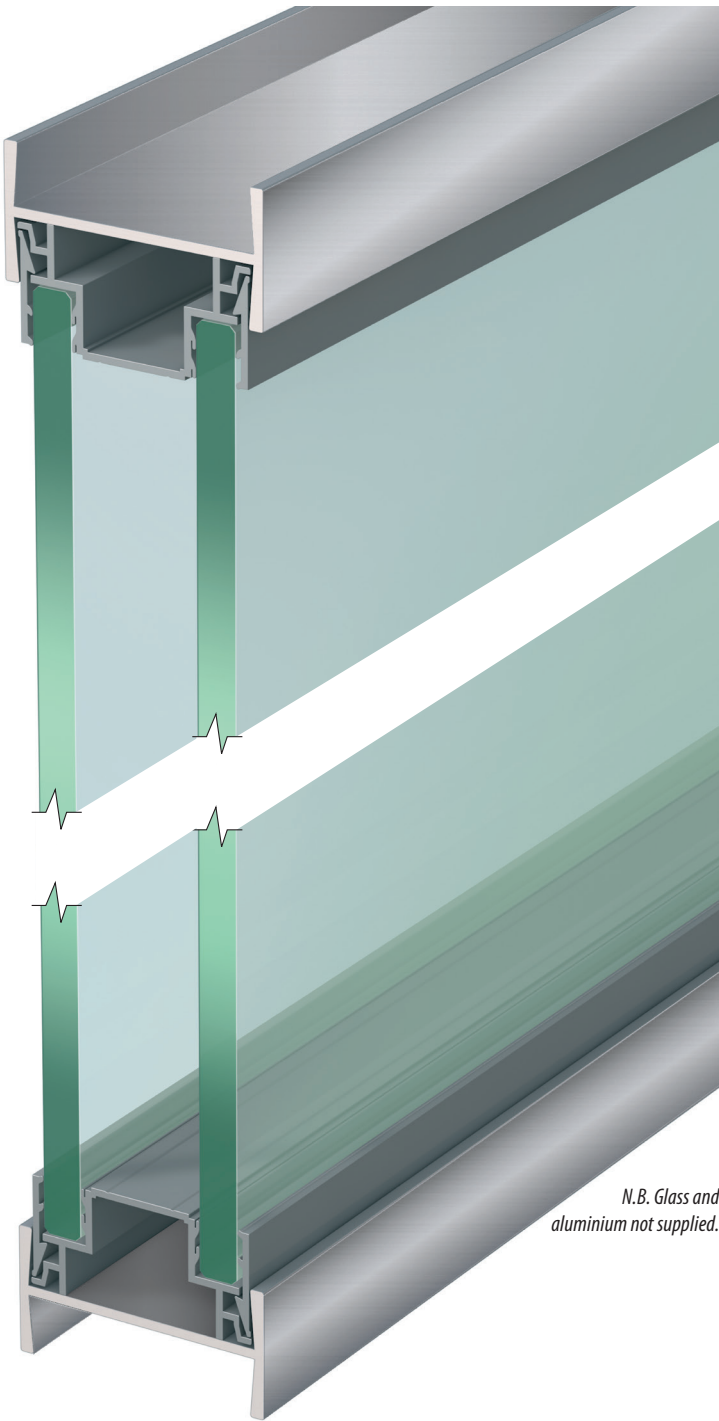

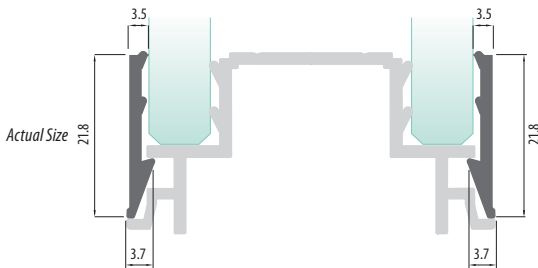

Product Code	Colour	Length
499802	○	3.6m
499806	●	3.6m
499801	●	3.6m

20 lengths per pack.

Product Code	Colour	Length
708902	○	3.6m
708903	●	3.6m
708901	●	3.6m

40 lengths per pack.

N.B. Glass and aluminium not supplied.

FINISHING COMPONENTS

Our range of finishing components help to enhance both the functionality and aesthetics of framed partitioning systems. We provide practical solutions for concealing cables, to enhance the overall aesthetics of a system, increasing acoustic performance. If you're looking for a bespoke finishing component then we also offer a custom extrusion service.

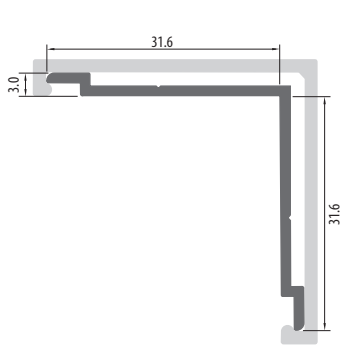

finishing components

Corner Clip

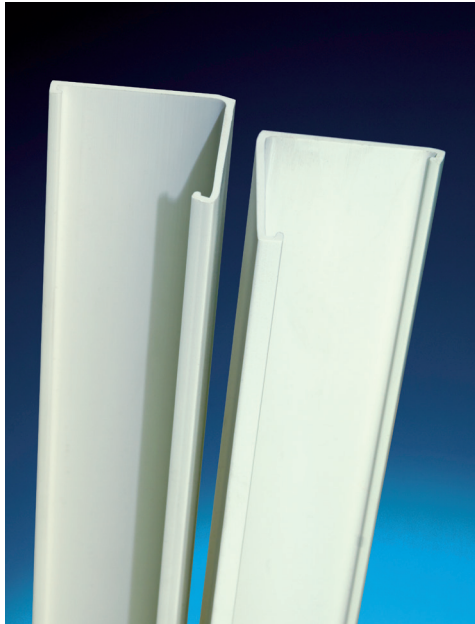

Product Code	Colour	Length
510301	●	150mm

100 pieces per pack.
USED AS A CONCEALED FIXING CLIP IN CONJUNCTION WITH CLIP-ON ANGLE

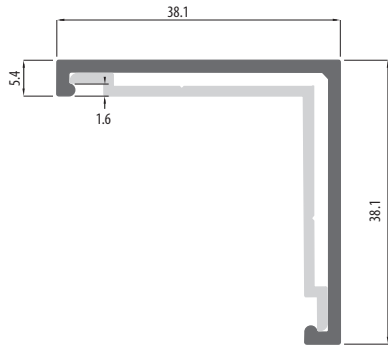

Clip-on Angle

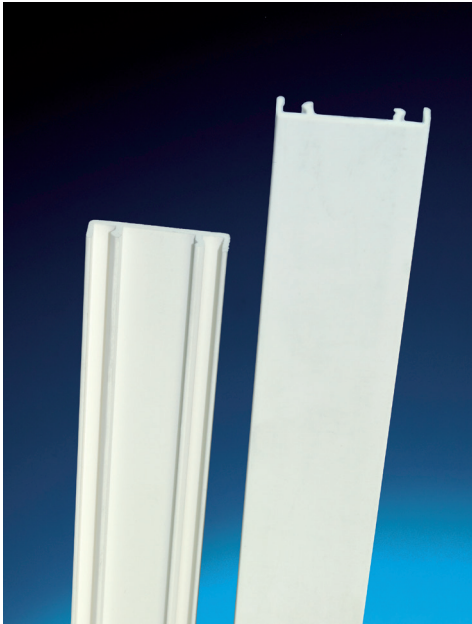

Product Code	Colour	Length
432408	○	3.0m
432414	●	3.0m
432410	●	3.0m

20 lengths per pack.

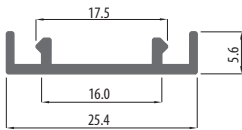

Covertrim

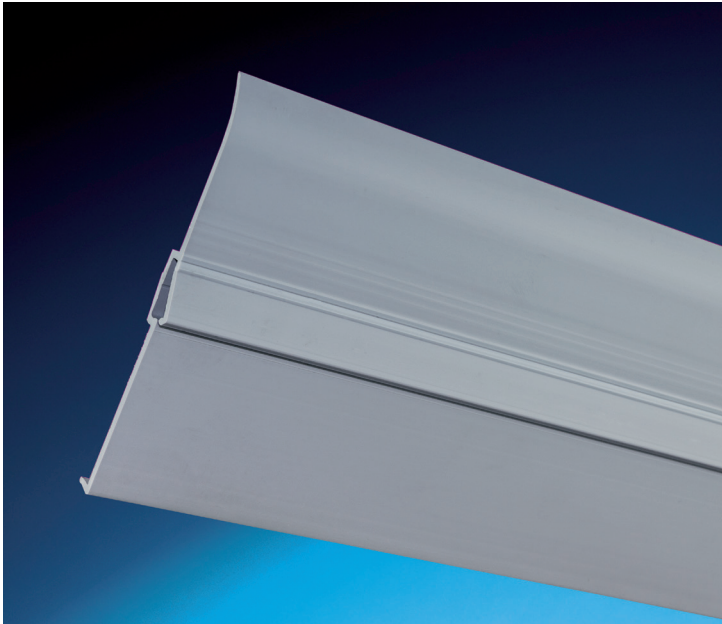

Product Code	Colour	Length
370529	○	3.0m
370526	●	3.0m
370517	●	3.0m

Product Code	Colour	Length
370528	○	3.6m
370525	●	3.6m
370502	●	3.6m

50 lengths per pack.

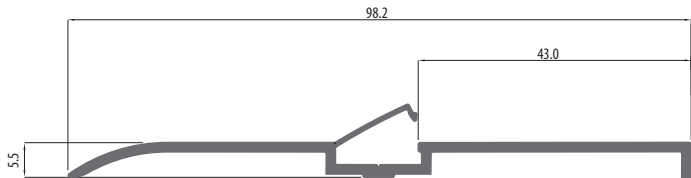

Concealed Fixed Skirting

Product Code	Colour	Length
598403	○	3.6m
598401	●	3.6m
598402	●	3.6m

10 lengths per pack.

G2G® Banded Glazing Strip

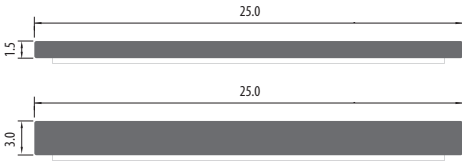

Product Code	Size	Colour	Length
11225	25 x 1.5mm	●	3m
11241	25 x 3.0mm	●	3m

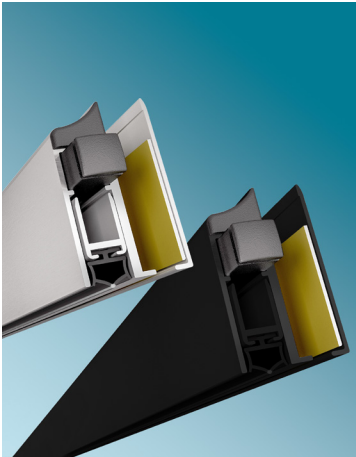

30 lengths per pack.

The G2G® Banded Glazing Strip can be used to create horizontal and vertical banding across single glazed glass partitions.

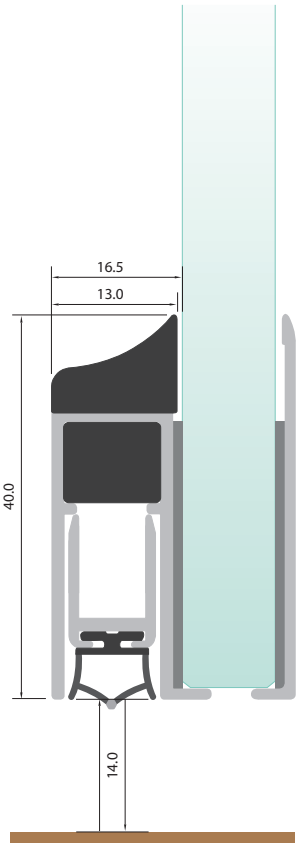

- Suitable for retro-fit applications
- Self-adhesive tape for ease of installation
- Cut to length on site – no specialist tools
- Easy to remove – no detrimental effect to the partition

Glass Dropdown Door Seal

- Available in Silver and Black finish
- The plunger can be reversed using a cross-head screwdriver, making it suitable for both left and right hand hinged doors
- Accommodates a threshold gap height of up to 14mm
- Suitable for framed and frameless doors
- Can be cut down by a maximum of 125mm
- Two part, easy to fit using double sided tape
- Cycle tested to at least 200,000 cycles

Product Code	Colour	Size
G2G935S	●	935mm
G2G935B	●	935mm
G2G1035S	●	1035mm
G2G1035B	●	1035mm
G2G1135S	●	1135mm
G2G1135B	●	1135mm

5 lengths per pack.

CUSTOM CAPABILITIES

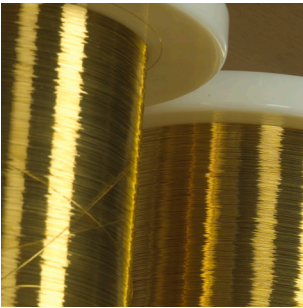

When it comes to specialist profile design, we offer a tailored extrusion solution specific to your interior fit out requirements.

Our onsite facilities and extensive knowledge of material processing provide a comprehensive package. We offer:

- Plastic, solid rubber & sponge rubber
- Onsite tooling facilities
- Assistance in material specification
- Printing for identification & branding
- In-line tape application
- Ongoing tooling maintenance

Working to strict parameters our production controls ensure that you receive products that are to your specification, on time, every time.

QUICK REFERENCE GUIDE

FRAMED PARTITIONING COMPONENTS

Head and base profiles provide solutions for use in leading manufacturers framing sections. For use with single, offset and double glazing sections.

Single Glazed Chair & Bead		
	Glass Thickness	6-6.4mm
	Profile Length	3.6m
	Profile Colours	○ ●
	Part No.	5985, 5986
Single Glazed Offset Chair & Bead		
	Glass Thickness	6-6.4mm
	Profile Length	3.6m
	Profile Colours	○ ●
	Part No.	4906, 7089
Double Glazed Chair & Bead		
	Glass Thickness	6-6.4mm
	Profile Length	3.6m
	Profile Colours	○ ●
	Part No.	4998, 7089

FINISHING COMPONENTS

Our range of cover trims and skirtings are available for use in recessed base sections. We also offer a Dropdown seal for threshold sealing of glass doors.

Corner Clip		
	Profile Length	150mm
	Profile Colours	●
	Part No.	510301
Clip-on Angle		
	Profile Length	3m
	Profile Colours	○ ●
	Part No.	4324
Covertrim		
	Profile Length	3, 3.6m
	Profile Colours	○ ●
	Part No.	3705
Concealed Fixed Skirting		
	Profile Length	3.6m
	Profile Colours	○ ●
	Part No.	5984
G2G® Banded Glazing Strip		
	Profile	25 x 1.5mm, 25 x 3.0mm
	Profile Length	3m
	Profile Colours	●
	Part No.	11225, 11241
Dropdown Seal		
	Glass Thickness	Any
	Profile Length	935, 1035, 1135mm
	Profile Colours	●
	Part No.	G2G935, G2G1035, G2G1135
